

Isotankes, Transportes y Quimicos

With over 20 years of experience in the market...

From our headquarters in Panama City, we connect your products to the main markets across the Americas and Europe through intermodal solutions tailored to your needs.

Operating through both maritime and inland routes

OUR SERVICES

Food Grade

Specifically designed to transport products intended for human consumption, meeting the highest standards of hygiene and traceability.

We frequently transport:

Ethyl Alcohol

Molasses

Wines, Oils, Glucose

Rum and other alcoholic beverages

Chemical Grade

Ideal for industrial liquids, chemicals, and regulated substances (both IMO and non-IMO), featuring durable materials and valves that ensure integrity, safety, and regulatory compliance, plus a heating system using steam application.

OUR ISOTANKS

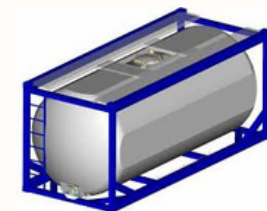

Manufactured with cutting-edge technology to protect product quality, optimize the logistics process, and ensure efficient and compliant operations.

Internal tank made of stainless steel 316L

High-density polyurethane thermal insulation

Sanitary valves

Industrial valves

Standard ISO structure for land, maritime, and rail transportation

Capacity ranging from 20,000 to 26,000 liters

We have special equipment with 3 compartments

ADDITIONAL SERVICES

Containerized Cargo

In addition to ISO tanks, we offer comprehensive logistics services for containerized cargo and flexitanks for handling non-hazardous bulk liquids.

Thanks to our direct relationships with leading shipping lines, we manage bookings and door-to-door coordination of dry containers (Dry Van), ensuring space availability, efficiency, and competitive rates.

BENEFITS OF WORKING WITH ITQ

- Safe, efficient transportation with full traceability
- Cost reduction compared to traditional methods
- Specialized care for sensitive or regulated products
- Support from international shipping lines
- Customized solutions for liquid and containerized cargo
- Strategic location in Panama with global coverage

At ITQ, we don't just move products; we deliver trust, compliance, and results. Every tank we operate represents a commitment to your brand and your customers.
